

Mahatma Phule Krishi Vidyapeeth, Rahuri

All India Coordinated Research on Agroforestry

1. **Year of Start** : 1991-92
2. **Contact Details** :
 - Postal Address** : MPKV, Rahuri, Dist- Ahemadnagar, Pin – 413 722
 - Phone No.** : 02426- 243 252 (Office)
 - Fax No.** : -
 - Email** : agfmpkv48@gmail.com
3. **Objectives/Mandates** :
 1. To survey the existing agroforestry system(s) in different agroclimatic zones,
 2. To propose viable agroforestry system(s) for different areas to meet the food, fodder, fuelwood and timber needs.
 3. To identify promising tree species and crops suitable for different agroforestry systems.
 4. To develop production technology for various agroforestry systems.
 5. To study soil health in Agroforestry tree species.
4. **Infrastructure** :
 - Land** : Total area of the land 91.56 ha (82.14 ha under cultivation)
 - Irrigation Facilities** : 1 Bore well and 1 Open well having seasonal irrigation water.
5. **Human Resource** :

SN	Designation	Discipline	Remarks
1	Associate Professor	Agriculture Botany	Filled
2	Assistant Professor	Agronomy	Filled
3	JRA	Bot./Agronomy	Vacant
4	Field Assistant	-	Vacant

SN	Designation	No of posts	Remarks
1	-	-	-
6. **Research Achievements** :
 - Variety** : 01
 - Recommandations** : 09
7. **Ongoing Research** :
 - A) Research Programme of Botany :**
 - 1 : Dignosis and desisgn survey.
 - 2 : Germplasm collection and evaluation.
 - 3 : Genetic variability studies in Acacia nilotica var. Indica
 - 4 : Multilocation Trial of Pongamia milliata (Karanja)
 - 5 : Collection and evaluation of Bamboo germplasm (species)
 - B) Management studies in Agroforestry :**
 - 1: Evaluation of Agri-horticultural system of different fruit tree species with intercrop under irrigated condition.
 - 2: Effect of planting geometry on productivity of Teak under Agroforestry system in semi-arid condition.
 - 3: Evaluation of intercrops under Bamboo based cropping system in semi-arid condition.
